|------------------------|--------------------------|----------------|
| HTML  CSS   JavaScript | Microsoft Power Platform | Power Apps     |
| Git   CI/CD            | Dataverse   SQL          | Power Automate |
| SAFe Agile   Scrum     | Excel   SharePoint       | Power BI       |

**Microsoft Power Platform Developer** in FinTech, working in the **Automation Chapter**, developing canvas and model-driven Power Apps with Power Automate and Power BI.

### Key Skills:

**Team Working** - Managed a small project team (4) to create a collaborative website, during the Code First Girls Web Development course.

**Mentoring** - Mentored junior staff from Egypt (2) and Invensys clients (2) on graphics/HMI building, industrial UI engineering, configuration and best practice layouts conforming to current industry standards.

**Customer Service** - Delivered advanced customer service and helpdesk skills when dealing with Slimstock clients, particularly when producing personalised technical guides for aspects of software functionality.

**Adaptability** - Able to manage time effectively and prioritise tasks in line with the needs a SAFe agile business environment (Metro Bank).

**Communication** - Led morning stand-ups of feature team (18) at Metro, to discuss the day's tasks and any blockers. Led knowledge sessions for Power Platform colleagues (6).
