HTML	CSS	JavaScript	Microsoft Certified: PL-900	Power Apps
Git	CI/CD	Dataverse	SQL	Power Automate
SAFe Agile	Scrum	Excel	SharePoint	Power BI

Microsoft Power Platform Developer in FinTech, working in the **Automation Chapter**, developing canvas and model-driven Power Apps with Power Automate and Power BI.

Key Skills:

Team Working - Managed a small project team (4) to create a collaborative website, during the Code First Girls Web Development course.

Mentoring - Mentored junior staff from Egypt (2) and Invensys clients (2) on graphics/HMI building, industrial UI engineering, configuration and best practice layouts conforming to current industry standards.

Customer Service - Delivered advanced customer service and helpdesk skills when dealing with Slimstock clients, particularly when producing personalised technical guides for aspects of software functionality.

Adaptability - Able to manage time effectively and prioritise tasks in line with the needs a SAFe agile business environment (Metro Bank).

Communication - Led morning stand-ups of feature team (18) at Metro, to discuss the day's tasks and any blockers. Led knowledge sessions for Power Platform colleagues (6).

Employment History

06/2023 – Present
